

Let About Time add a touch of class to your event by playing a variety of jazz standards to delight your guests! There's nothing like live music to enhance the atmosphere of any event.

Terry Foster has been performing jazz in and around Atlanta for 20 plus years! Groups include The Atlanta Blue Notes big band, Cross-town Jazz, After Hours in addition to her own combos. Recent performances include jazz brunch at Copeland's Restaurant with her trio and as a single or duo at Jazzy Fridays at Copeland's restaurant. Terry is a Touring Artist on the Georgia Council for the Arts Roster and a member of Southern Artistry Foundation.

Live Music can't be beat!

About Time (for Jazz!) plays familiar jazz standards sure to please jazz lovers.

The jazz band can expand from a single through a sextet and include bass, drums, keyboard and vocals.

In addition to the jazz groups, About Time is available as a classical music duo of flute paired with piano for tea parties, ceremonies or memorials. From the ceremony to the cocktail/dinner hour to the dance reception; we do it all!

Private lessons and woodwind and jazz music workshops for school children are also available.

See www.abouttime4jazz.com for music samples and public performances. Private references are available upon request.

Senior/Retirement Community Programs

Performances for retirement communities, assisted living residences, nursing/rehab residences and Senior Day Centers are another specialty. Terry performs a variety of jazzy tunes from the 20's through today that are sure to jog a few memories. Playing flute and saxophone with back up music, Terry sounds like a whole band. Interacting with residents, singing along and taking requests is a special part of these fun-filled performances!

Terry's fellow musicians are all professionals in their own right. Most are multi-talented either doubling on two instruments, or vocals. Most have degrees or advanced degrees in music and all have performed professionally for years!
